

"The Samson is not an Ordinary Windmill"

The SAMSON WINDMILL

is a
Wind Wonder

THE SAMSON'S DISTINGUISHING FEATURE

As a preliminary to the detailed description of the several parts of the Samson Windmill, we desire to call special attention to the outboard to its grand distinguishing feature, namely, its double gearing. This double gearing, which places the Samson in a class by itself, consists practically of two sets of gears, or two pinions and two spur gears engaging each other, making two turns to transmit the power of the wheel to the pump. The SAMSON GOVERNOR is the only governor that automatically controls the speed without the use of brakes. You can readily understand the advantage.

There are more reasons why you should buy a SAMSON. ASK US ABOUT THEM.
